26 January 2018

Dear Parent / Carer

World of Work Day

The Technology Faculty is organising and running a World of Work event at Larbert High School on 8 February 2018.

The principal aims of this World of Work Day are:

- To raise awareness of pupils of the range of career opportunities within STEM industries
- To raise awareness of pupils of the qualities/qualifications required to work in the STEM industries
- To provide an opportunity for the school to work with our partners in the STEM industries

The whole S1 year group will take part in a range of the planned activities and will be split into groups of approximately 20 pupils per group. Various delegates and representatives from different industries will be involved including Amazon, Adobe, AG Barr, Microsoft and Hewlett Packard with pupils taking part in 7 workshops throughout the day.

This event is seen as a curricular activity linked to Curriculum for Excellence and in particular, Skills for Learning, Life and Work.

We assume, unless we hear to the contrary, that you are willing for your son/daughter to participate in this event. Should you have any questions do not hesitate to get in touch by telephoning Mr Martin Thomas (Technology Faculty) on 01324 554233.

Yours sincerely

Mrs Jones
Teacher of Business Education
